Note on the St Stephens series: In the St Stephens series, the authors have transcribed the records of baptisms, marriages and burials of St Stephens Parish, Kurrajong NSW, for the years 1861 to 1999. Also

included are many stories and photographs of the Parish at the time, including the church doings, the ministers and the baptisms, weddings and deaths.

Vol. 4 has the transcriptions in a different format – more of a spreadsheet. We still have the stories and photographs, and this time we have gone for colour.

Cost of postage for 2-4 books is $16, and we have a deal going that all four St Stephens books can be purchased for $80, plus postage.
